FOREIGN PLANT QUARANTINES

HARDY PERENNIAL PLANTS

"The Flowers Our Grandmothers Loved"

Chequamegon Flower Gardens

V. E. BRUBAKER, Manager

WASHBURN, WISCONSIN

STATE TRUNK HIGHWAY NO. 13

1925 FALL CATALOGUE

WASHBURN, WISCONSIN

IMPORTANT

READ BELOW BEFORE ORDERING

All our plants are grown from seed sown in early spring and have enough growth to bloom the following season. Many blossom the same fall they are seeded.

We are located in the famous Lake Superior region where the climate and soil which has long been noted for its adaptability to produce these kind of plants with that wonderful root system which permits long shipments and ease of handling to get results for our customers.

Being located as we are weather conditions permit us to ship late in the season as the plants do not advance so rapidly as farther south.

SHIPPING

By our careful and thorough packing system it is customary for our patrons to receive their plants from us in perfect condition. ALL SHIPMENTS ARE MADE AT PURCHASER'S RISK, our responsibility ceases after we deliver the plants in good order to the transportation company.

TERMS OF BUSINESS

Unknown customers desiring to open an account will please furnish three references to parties in the trade with whom they had CREDIT relations, and sufficient time to investigate same otherwise order must be accompanied with cash.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance. No perishable stock will be sent C. O. D.

GUARANTEES

Most of failures with plants are due to causes entirely beyond our control—soil, weather and planting conditions, which renders it impossible for us to guarantee—altho we exercise great care in selecting and supplying only such plants as will, under normal conditions, produce satisfactory results. We give no warranty, expressed or implied, as to description, quality or color of plants. All plants listed will be sold under these conditions. It is to our interest to obtain our seed from the most reliable sources and to send out such plants as will not only grow, but prove true to name and description.

V. E. BRUBAKER.

Hardy Perennial Plants

Unless otherwise instructed all plants are sent by express, the purchaser paying charges. If customers wish plants to be sent by Parcel Post, they should add 10% to the value of the order for postage to all points east of the Mississippi River, and 20% to all points west of the Mississippi River. Six plants of a kind at dozen rate, 25 of a kind sold at 100 rate, 500 at 1000 rate. Not less than 3 of a kind sold unless otherwise offered.
